

Infrastructure Investment For Economic Development & Jobs In Montana

Brent A. Campbell, P.E.
President & CEO

Problem

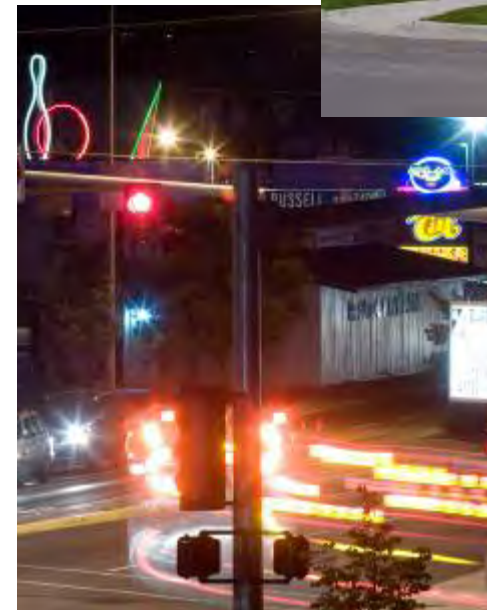

- **Montana cities, towns, counties, tribal governments and schools are struggling to maintain their aging and inadequate infrastructure.**
- **The needs far exceed the funding tools available.**
- **This is a major impediment to our economic development.**

Solution

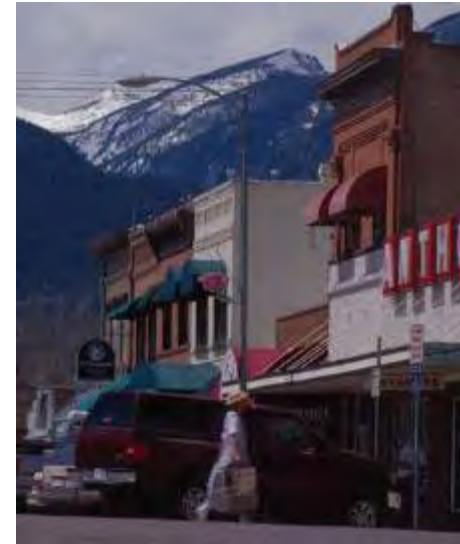

- **Invest now in infrastructure for future economic vitality.**
- **Create new sources and tools for direct funding for transportation and education infrastructure.**
- **The private sector will respond with business investment creating economic growth and new jobs.**

Strategies & Tactics

- **Improve Community Economic Development.**
- **Provide Stable & Predictable Environment for Business Investment.**
- **Provide a High Quality Workforce Specific to Industry Needs.**

Infrastructure Investment For Economic Development
