Dear Brent,

As you know, the Northwest Passage Scenic Byway Advisory Team and WGM Group team members participated at the Community Marketing and Scenic Conservation Workshops April 21-24 in the Idaho communities of Lewiston, Orofino, Kamiah, Kooskia, and Grangeville.

I'm confident that I speak for the Advisory Team when I say that quality of the presentations and visual simulations was outstanding. We greatly appreciate WGM's commitment to this project and to working with our tight budget and accommodating our even tighter timeline.

I am attaching letters I sent to Kristin, Jeremy, and Kyle for your information.

Sincerely,

A handwritten signature in cursive script that reads "Mary L. Jahn".

Dear Kristin,

On behalf of the Northwest Passage Scenic Byway Advisory Team and all our byway communities, I'd like to take this opportunity to thank you for your outstanding contribution to the Community Marketing and Scenic Conservation Workshops during the long, long week of April 21-24.

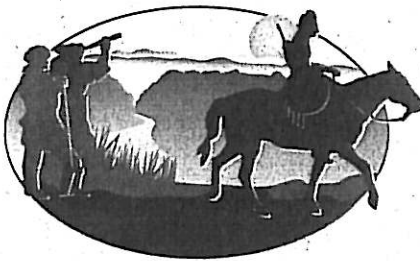

In your role as the consultant expert, you did an excellent job of presenting complex concepts in a relevant and nonjudgmental way. Your comprehensive, well-paced, and engaging presentation provided valuable background information enhanced by "whiz-bang" graphics to set the stage for an important and lively discussion about scenic conservation. It's little wonder that the community feedback has been overwhelmingly positive.

We are looking forward to receiving your final report, sharing your observations and recommendations with our byway communities, and taking the next steps.

Thank you again, Kristin, for spending a very productive week with us to share your time and expertise. It is my hope that this is the first of many opportunities to learn from you. We'll do a better job with the weather next time!

Sincerely,

Mary L. Jahn

Dear Jeremy,

On behalf of the Northwest Passage Scenic Byway Advisory Team and all our byway communities, I'd like to take this opportunity to thank you for your participation at the Community Marketing and Scenic Conservation Workshops April 21-24.

Your out-of-the-box thinking and thoughtful concepts set the stage for an important and lively discussion about community design and scenic conservation. At each workshop in which you were a participant, the quality of the discussion was elevated and enhanced by your knowledgeable yet accessible explanations.

It is my hope that this is the first of many collaborations with WGM Group. Moving forward with a visual assessment and perhaps more refined project concepts will be a high priority for the Advisory Team.

Thank you again, Jeremy, for your fine work.

Sincerely,

Dear Kyle,

On behalf of the Northwest Passage Scenic Byway Advisory Team and all our byway communities, I'd like to take this opportunity to thank you for your contribution to the Community Marketing and Scenic Conservation Workshops April 21-24.

Your excellent visual simulations and dizzying fly-overs set the stage for an important and lively discussion about scenic conservation. Workshop participants were noticeably impressed and the animated discussion about the realistic and relevant components of the renderings was heard at each workshop. All this great work was accomplished in a very short time. We're impressed and most appreciative.

Please keep us in the loop as you move forward with your research. If there is any way I can be of assistance, please don't hesitate to contact me.

Thanks again, Kyle, for a job well done.

Sincerely,

Mary L. Jahn
